

Foam-U

5th French OpenFOAM® users conference : joint Franco/Belgian

IFP Energies nouvelles - Lyon, May 13th & 14th, 2020

Overview

Foam-utilisateurs (The French OpenFOAM® users group) and IFP Energies nouvelles are pleased to invite you to the fifth French conference of OpenFOAM® users. For the fifth year in a row, this event aims to bring together OpenFOAM® users as well as those interested in potential applications of the software. People from academia and industry are invited to present advances in their relevant research and development fields, exchanging ideas and information in an interdisciplinarity environment. This conference will provide an ideal opportunity to develop new collaborations and to meet experts.

Tutorial sessions

DR. EDDY CONSTANT
Research Engineer, R.Tech
"Application of GridPro and Helyx at R.Tech"

Plenary talks

DR. SEBASTIEN VILFAYEAU
CFD Team Leader, ESI Gmbh
"Latest Development in OpenFOAM and Industrial Applications"

MATHIEU WESTPHAL
R&D Engineer, Kitware SAS
"Modern and advanced features of Para-View"
